DATE FOR YOUR DIARIES

The next Stay at Home "HONESTY" Supper Quiz Night is Saturday July 10th

We believe the guidelines allow groups of up to 10 friends meeting for a dinner and don't forget you can also use technology to "hook up" with other team members who are in a different location.

Check rules at the time of the next Quiz Night as they constantly change 😊

In June a few of our team players headed off to the UK to visit family so we were a few players down; but still excellent numbers.

We had 46 players and 7 teams. Once again, Jimbo Jenbo had a very International Team this month with team members from Portugal, South Africa, Switzerland and Utrecht University in Holland. This proves you can be anywhere in the world to take part.

What would we all do without technology? At the moment, a way of keeping in touch with friends, especially on Quiz Nights. 😊

Many friends got together for supper, either in a restaurant or at home and joined in the fun. All keeping safe and following rules.

Brian, the QuizMaster was on a high because he'd just won a golfing tournament earlier in the day and had been presented with a trophy. Despite him being extremely buzzy with excitement he managed to have the Quiz running like clockwork. I bet after the Quiz he had a very large celebratory drink! 🍷

The Team Winners this month was Quarto + 2. One of their team members had just come out of hospital but clearly it didn't affect his "little grey cells".

The Ticket Draw winner was Steve - who is in Holland. Getting his prize to him could be challenging; but his Grandma Jenny, also in the team and lives in Tavira, may just accept it on his behalf. Sounds like a plan.

A BIG THANK YOU TO ALL THE TEAM PLAYERS, & BRIAN & CHRISTINE FOR THEIR ORGANISATION

We can only continue our vital work with your support.

You have made a difference to the number of unwanted puppies & strays.

Together we can help solve the problem!
