### **STREETLIFE HAS ACHIEVED 1000 STERILISATIONS!! ... LADY**

Lady (about 2-years old) is StreetLife's 1000th sterilisation. We believe she was dumped from a car at the olive press in Santa Catarina. She stayed in the area, checking each car that came by, waiting for her owner.... nervous and stressed. Eve, a local independent animal rescuer and StreetLife supporter, tried in vain to trap her. After hearing that the municipal Vet was due to pick Lady up the next day, she gave it one last try and managed to catch her in a cage.

StreetLife was delighted to help with the sterilisation of Lady, who is now fostered with Eve. Along with the other rescue dogs, Lady is safe and being cared for. She is a beauty... check out the paw markings! Incredible...

Let's try and make this a double celebration for Lady... not only is she our 1000th sterilisation, she also needs a loving permanent home.

Lady is a hunting/scent dog and may have some spaniel/pointer in her - she needs some work but is looking for her forever home. It is imperative the right home is found for this very special Lady.
