

What are StreetNotes? Not a full Newsletter; a few notes with our monthly news.

Each month an email goes out to all of the StreetBuddies, StreetLife QuizWhizzers and StreetLife supporters to keep them up to date with current news and what's going on.

We thought it would also be a good idea to share these StreetNotes on our website so our supporters know what's going on between our Newsletters.

First of all we need to tell you who our January lucky StreetBuddy is for our monthly draw: SB 067 Ben who lives in the UK. This month's "thank you" gift has to be something that we can get to the UK... so it is a Marks & Spencer "Dine in for Two" Voucher, which can all be sorted on line.

January is the month where many of our StreetBuddies renew their annual membership which means it is always a good month for donations. Sadly we have lost a few more Buddies — but we are still at 54. Currently we have received just under €700.00 from "memberships" in January and still await a few more payments.

If some of you would like to try and help StreetLife fundraise this is a great example of how you could come to our rescue! **Find more StreetBuddies.** All information is on our website, including an online application form: www.streetlife.pt/streetbuddy. As many of you already know, it's €5.00 a month to join our special StreetBuddy family. Perhaps you have a friend or a family member who would like to support us ☺

What did we do in January? We have 12 dogs recorded and authorised for sterilisations in January — this compares to 7 last year. Plus we have another 10 waiting for home visits, which are not going to happen anytime soon.

StreetLife has developed an **Online Application Form** (thanks to Jenny our fantastic Website designer) whereby applicants for sterilisations can complete the form online.

StreetLife will carry out a telephone assessment of their situation and authorise the sterilisation as a result of the call or, if we are in doubt, they will go on the list for a future home visit. We are going to try this revised system during February to see how it works. Obviously, we would prefer home visits but if they are not possible we need to think outside the box and come up with another solution. We have to continue sterilising. This new system goes live in February.

Going into February and our **Sterilisation Awareness Month**; we have a number of things planned during the month.

We are working with other Animal Associations to help to reduce the number of unwanted animals, we have also launched a "Time to Smile" Competition... I believe at the moment we all need a bit of fun in our lives.

Please take the time to look at our website: www.streetlife.pt... it gets regularly updated & you can find out about all the things we are currently doing.

... it could make you smile☺
